CERTIFICATE/SATISFACTORY WORK REPORT

Subject: Certificate regarding satisfactory maintenance of plantation created under Annual Action Plan-2025-26 at various locations under, North Forest Division.

In reference to the works related to the Maintenance of plantation created under Annual Action Plan 2025-26 at various locations under, North Forest Division, the following report is submitted regarding the maintenance activities carried out by the working agency M/s Ajay Beer Singh during the period from 29/07/2026 to 28/09/2026.

1. Plantation Details

- Year of Creation: 2025-26
- Period of Maintenance: 29/07/2026 to 28/09/2026
- Agency: M/s Ajay Beer Singh
- Nos. of Trees Planted: 50,000 (27000 Transferred to CFD in Mukhmelpur Area), Nos. of Shrubs Planted: 1,00,000 & Nos. of Bamboo Planted: 30,000

2. Maintenance Activities:

The plantation maintenance work has been carried out by the working agency as per the provisions, specifications, schedule and quantities prescribed in the work order. The maintenance operations have been undertaken regularly to ensure proper establishment, survival and healthy growth of the plantation.

The following major maintenance activities have been carried out:

1. Watering: Adequate watering of the plantation has been undertaken as per the requirement and schedule prescribed in the work order, particularly during periods of inadequate rainfall.

II. Application of Manure: Manures have been applied to the plantation as prescribed in the work order and in the specified quantity, wherever required, for improvement of soil fertility and to facilitate healthy growth and establishment of the planted stock.

III. General Upkeep: Necessary upkeep and maintenance operations have been carried out to facilitate proper growth and establishment of trees, shrubs and bamboo plantations. The plantation area has been maintained in accordance with the requirements specified in the work order.

IV. Monitoring and Record Keeping: The Site In-charge has maintained a record register for the plantation site. Entries relating to the quantity and application of maintenance materials and other relevant maintenance activities are being recorded in the register for proper monitoring and verification.

3. Condition of Plantation:

On inspection and verification of the plantation site, the planted 50,000 trees, 1,00,000 shrubs and 30,000 bamboo plants were found to be in satisfactory condition. The plantation has shown good establishment and growth, and the overall condition of the plantation is satisfactory.

The maintenance measures undertaken during the prescribed period have contributed to the proper establishment and healthy growth of the plantation. No major deficiency affecting the overall condition of the plantation was observed during the inspection.

4. Certification:

Based on the inspection of the plantation site, verification of the maintenance activities and records maintained by the Site In-charge, it is certified that the maintenance of plantation created under Annual Action Plan 2025-26 at various locations under, North Forest Division, has been carried out satisfactorily by the working agency, M/s Ajay Beer Singh, during the period from 29/07/2026 to 28/09/2026, in accordance with the provisions and requirements of the work order.

The overall condition of the plantation is found to be satisfactory, with good growth and establishment of the planted trees, shrubs and bamboo.

Accordingly, the maintenance work carried out by M/s Ajay Beer Singh is hereby certified as satisfactory.
