SITE INSPECTION REPORT

The undersigned inspected the plantation site at Ujjawa under South West Range on 10.09.2026 regarding the work of 2nd year maintenance of 1,00,000 shrubs plantation being carried out under West Forest Division through *M/s Green Securities, as per Work Order dated 24.03.2026.

During the site inspection, it was observed that the 2nd year maintenance work is being carried out by the agency as per the terms and conditions of the work order and field requirements. The plantation area was found reasonably maintained and the required maintenance activities were being carried out for healthy growth and survival of the shrubs.

During inspection, it was observed that the agency had deployed 14 labourersat site for carrying out the prescribed maintenance activities. The labourers were found engaged in the maintenance work during the inspection.

The pruning work was being carried out as required for proper growth and development of the shrubs. The agency was also carrying out regular watering as per field requirement and climatic conditions to maintain adequate moisture for healthy growth of the plantation.

It was further observed that manure was being carried out as required to improve soil fertility and provide necessary nutrients for healthy growth and development of the shrubs.

During physical inspection, the overall condition of the plantation and the maintenance activities were found satisfactory. The agency was directed to continue regular maintenance and ensure proper upkeep and survival of the plantation as per the work order and directions of the Department.

Overall, the 2nd year maintenance work of 1,00,000 shrubs plantation at Ujjawa under South West Range, being executed by M/s Green Securities, was found satisfactory during the course of inspection.
