SITE INSPECTION REPORT

The undersigned inspected the plantation site at **Pocket-F, Central Ridge**, on **24.08.2026, 03.09.2026, 07.08.2026 and 09.09.2026** to assess the progress of geo-tagging, plantation, Ficus distance and Bamboo stacking works in respect of **27,500** plants under the creation and one-year maintenance work being executed by **M/s Agrisense Landscape**.

During the inspection, the following observations were made:

1. The geo-tagging work of the plantation was inspected at the site, and the overall progress was found to be satisfactory.
2. The plantation site was inspected with reference to the geo-tagging work, and the overall condition of the tagged plantation was found to be satisfactory.
3. The plantation area was found to be well maintained. Routine maintenance activities, including watering, weeding, hoeing, soil working, application of manure, pest control and other protection measures, were being carried out regularly.
4. The executing agency and the concerned field staff were instructed to ensure regular watering and timely replacement of casualties, wherever required.
5. During the physical verification carried out by the concerned staff, approximately 98% of the plants were found healthy and present at the site.
6. Ficus species were found planted at suitable spacing as per the prescribed plantation requirements.
7. Bamboo support sticks were found properly placed and secured with the respective plants to provide necessary support and protection.

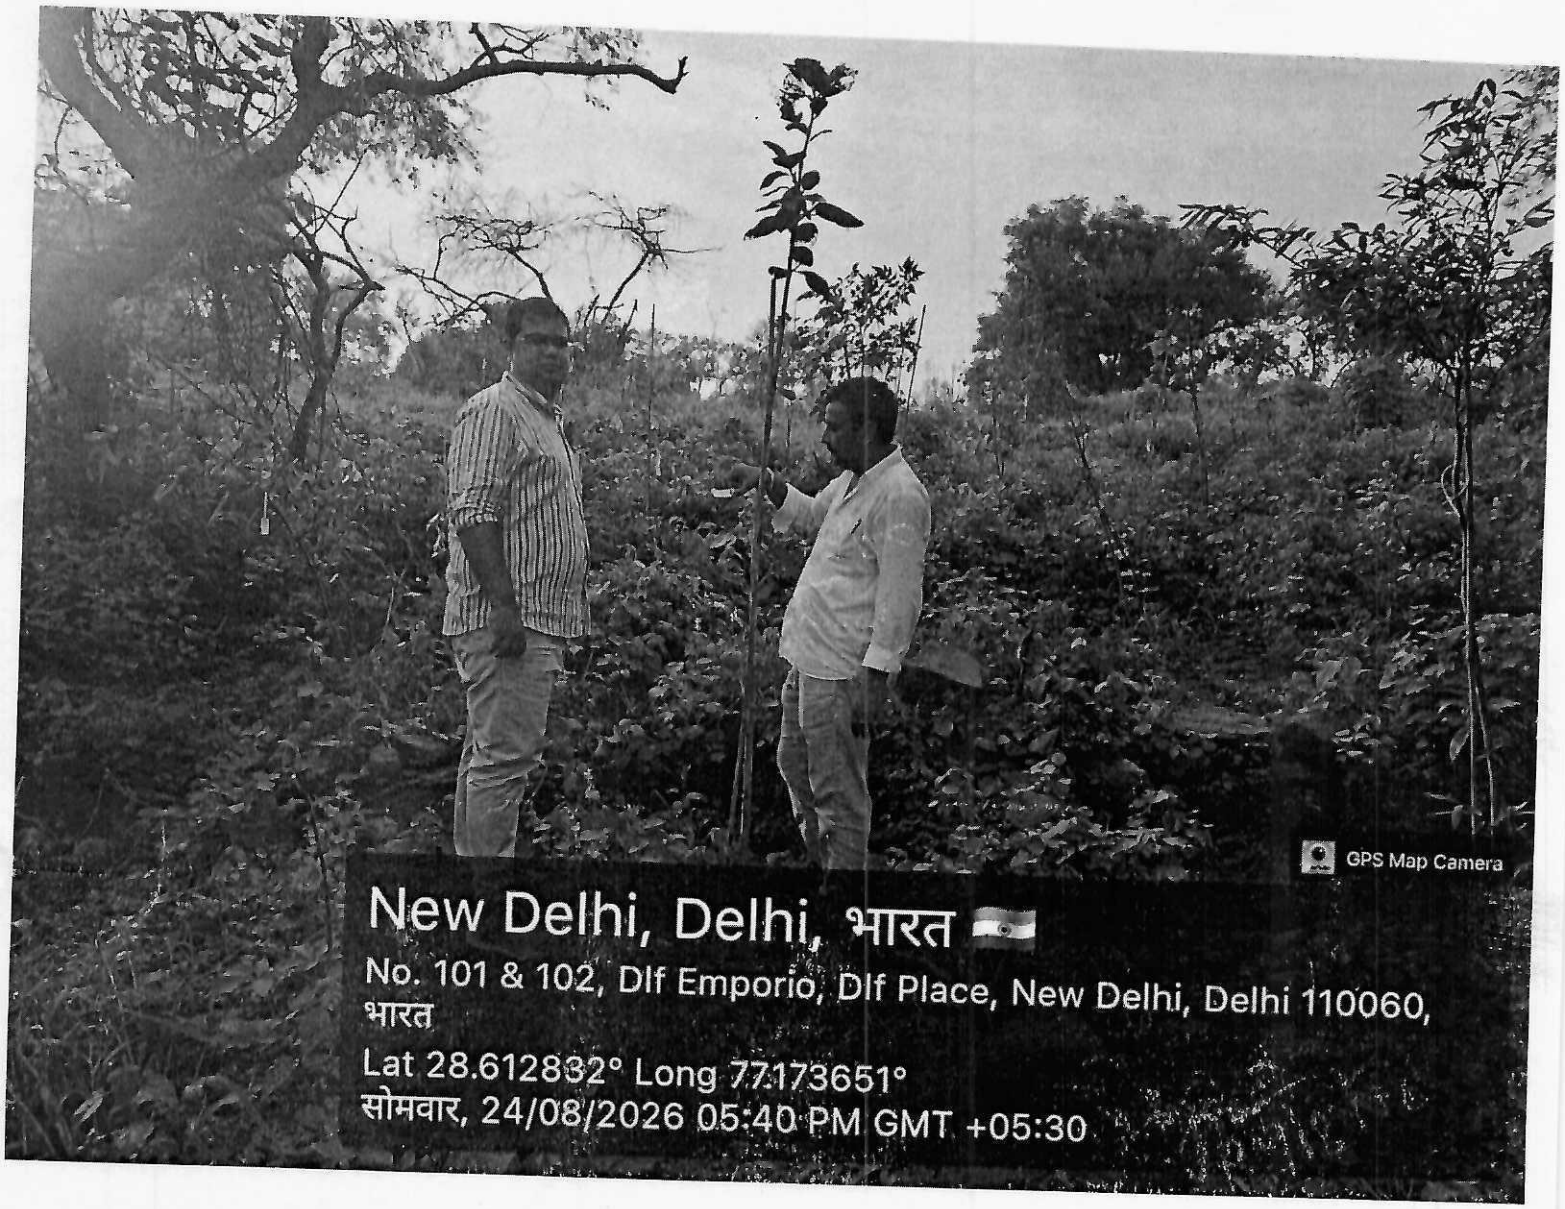

Overall, the geo-tagging work of 27,500 plants at Pocket-F, Central Ridge, being carried out under the creation and one-year maintenance work by **M/s Agrisense Landscape**, was found satisfactory during the inspection conducted on 24.08.2026, 03.09.2026, 07.08.2026 and 09.09.2026.

In view of the above, the bill pertaining to the work may kindly be processed for payment, as per the terms and conditions of the work order.
