

MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE

NOTIFICATION

New Delhi, the 28th February, 2024

G.S.R. 145(E).—In exercise of the powers conferred by clause (jv) of sub-section (1) of Section 63 of the Wild Life (Protection) Act, 1972 (53 of 1972), the Central Government hereby makes the following rules, namely:-

1. **Short title and commencement.**— (1) These rules may be called the Living Animal Species (Reporting and Registration) Rules, 2024.
(2) They shall come into force on the date of their publication in the Official Gazette.
2. **Definitions.**— In these rules, unless the context otherwise requires,-
(a) "Act" means the Wild Life (Protection) Act, 1972 (53 of 1972);
(b) "animal species" means any living specimens of any animal species listed in Schedule IV appended to the Act;
(c) "Appendices" means Appendix I, Appendix II or Appendix III under Schedule IV appended to the Act;
(d) "authorised officer" means an officer authorised under section 49M of the Act;
(e) "facility" means any premise where animal species is housed;
(f) "Form" means the form appended to these rules;
(g) "transfer" means transfer of any animal species to any person, whether by way of gift, sale or otherwise;
(h) "veterinary practitioner" means a person registered with the Veterinary Council of India established under the Indian Veterinary Council Act, 1984 (52 of 1984).
(2) All other words and expressions used and not defined in these rules but defined in the Act shall have the same meanings assigned to them in the Act.
3. **Application for registration of possession.**—(1) Every person who is in possession of any animal species shall report the details thereof and make an application for registration electronically to the Management Authority or the authorised officer in Form I within a period of six months from the date of commencement of these rules and thereafter within thirty days of possession of such animal species.
(2) Every application form shall be accompanied with a fee of one thousand rupees.
(3) Where the animal species was acquired prior to the commencement of the Wild Life (Protection) Amendment Act, 2022, the application shall be accompanied with a declaration in this regard and the proof of the acquisition prior to such commencement.
(4) Where the animal species was acquired on or after the commencement of the Wild Life (Protection) Amendment Act, 2022, the application shall be accompanied with.-
(a) copy of import licence and CITES export permit or certificate granted under the Convention in case of acquisition through import;
(b) copy of certificate of registration where applicable.
(5) The applications received as per sub-rule (1) shall, if found complete in all respects, be forwarded by the Management Authority or the authorised officer within a period of fifteen days to the Deputy Conservator of Forests having jurisdiction over the area in which the facility is located
(6) The Deputy Conservator of Forests shall, on receipt of the application under sub-rule (1), upon an inquiry and physical verification of the facility submit report in Form II within a period of thirty days to the Management Authority or the Authorised Officer, electronically.
(7) On receipt of the report under sub-rule (2), the Management Authority or the authorised officer shall within a period of fifteen days issue a registration certificate to the applicant in Form III electronically.
4. **Application for reporting and registration of birth .-** (1) Every person who has been issued a registration certificate under sub-rule (7) of rule 3 for any animal species shall report the birth of an offspring of such animal species and apply for registration within a period of seven days of such birth to the Management Authority or the authorised officer in Form I electronically.
(2) The application form shall be accompanied with a fee of one thousand rupees.
(3) The applications received under sub-rule (1) shall, if found complete in all respects, be forwarded by the Management Authority or the authorised officer within a period of seven days to the Deputy Conservator of Forests having jurisdiction over the area in which the facility is located.

(4) The Deputy Conservator of Forests shall, on receipt of the application under sub-rule (1), upon an inquiry and physical verification of the offspring submit report in Form II within a period of fifteen days to the Management Authority or the authorised officer, electronically.

(5) On receipt of the report submitted under sub-rule (4), the Management Authority or the authorised officer shall within a period of seven days issue a registration certificate to the applicant in Form III electronically.

5. Application for reporting and registration of transfer .-(1) If any person, who has been issued a registration certificate in respect of an animal species under sub-rule (7) of rule 3 or sub-rule (5) of rule 4, transfers such animal species shall report in Form I to the Management Authority or the authorised officer within a period of fifteen days of such transfer.

(2) The provisions of rule 3, shall, as far as may be, apply to the submission of application and the issuance of the registration certificate for possession of the animal species under this rule.

6. Manner for reporting death of animal species .- Every person who has been issued a registration certificate in respect of an animal species under sub-rule (7) of rule 3 or sub-rule (5) of rule 4 shall report the death of such animal species in Form I along with post mortem report issued by a veterinary practitioner .

7. Maintenance of stock:- (1) Every person to whom a registration certificate under these rules has been issued shall.-

(a) comply with the provisions of Section 49 N of the Act and the rules made thereunder in case of captive breeding of animal species specified under Appendix I to the Schedule IV;

(b) carry out health check-up of such animal species at least once in six months by a veterinary practitioner and maintain a record of its health in Form IV;

(c) present for inspection the animal species at the facility and the records maintained in respect of the animal accordance with sub clause (b) to the forest officer having jurisdiction over the area as and when required;

(d) ensure that the animal species does not escape from the facility;

(e) inform any escape of the animal species to the nearest forest office having jurisdiction immediately and not later than twenty -four hours of such escape;

(f) be liable for damages, if any, caused due to such an escape; and

(g) not allow the animal species to mix or breed with indigenous animal species.

8. Rejection or cancellation of Registration Certificate.- (1)The Management Authority or the authorised officer, shall reject any application if not found complete in all respects.

(2) The Management Authority or the authorised officer , if-

(a) the provisions or resolutions of the Convention are not satisfied; or

(b) any provisions of the Act or any rules made thereunder have not been complied with; or

(c) a false information is furnished,

may refuse after duly considering the recommendations in Form II or cancel the registration as the case may be, after providing the applicant with an opportunity of being heard.

9. Order to be signed and dated .- Every order of the Management Authority or the authorised officer shall be in writing and shall be signed and dated by him.

10. Appeal .- Any person aggrieved by the refusal of the Management Authority or the authorised officer, or cancellation of registration under rule 8 may prefer an appeal to the Central Government within a period of sixty days justifying the reasons for preferring an appeal.

11. Dealing with scheduled specimen.-Any animalspeciesinrespect of whicha registrationcertificatehasnot been granted or obtained shall be treatedin accordance with section 49Q of the Act.

MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE

NOTIFICATION

New Delhi, the 21st December, 2023

S.O. 5408(E).— In exercise of the powers conferred by clauses (jiii) and (jiv) of sub-section (1) of Section 63 of the Wild Life (Protection) Act, 1972 (53 of 1972), the Central Government hereby makes the following rules to provide for international trade of specimens, namely:-

1. **Short title and commencement.**—(1) These rules may be called the 'Wild Life (Protection) International Trade of Specimens Rules, 2023'
(2) They shall come into force on the date of their publication in the Official Gazette;
2. **Definition.**— In these rules, unless the context otherwise requires,-
(a) "Act" means the Wild Life (Protection) Act, 1972 (53 of 1972);
(b) "Appendix" means Appendix specified under Schedule IV appended to the Act;
(c) "Form" means form annexed to these rules;
(2) The words and expressions used and not defined in these Rules but defined in the Act shall have the meanings respectively assigned to them in the Act.
3. **Application for trade of specimens.**— (1) Every person engaging in trade of any specimen of species shall make an application electronically to the Management Authority in Form-I for permit or certificate for trade.
(2) Every application made under sub-rule (1) shall be accompanied with a fees of one thousand rupees paid through electronic mode to the Management Authority.
4. **Procedure of export of specimen.**— (1) Every application for export of any specimen of species shall be accompanied with-
(a) a legal procurement certificate issued by an officer of the Forest Department not below the rank of Deputy Conservator of Forests having jurisdiction over the area in Form II;
(b) a copy of licence issued under section 49 N;
(c) a copy of the licence issued by the Chief Wild Life Warden under Chapter III A of the Act;
(d) a copy of the certificate of registration issued by CITES Secretariat for captive breeding or artificial propagation for Scheduled Specimen of species listed in Appendix I;

(e) an import permit granted by the Management Authority of the country of destination in case of specimen of species listed in Appendix I of Schedule IV.

(2) On receipt of the application under sub-rule (1) of rule 3, the Management Authority shall, within a period of fifteen days, forward the application to the Scientific Authority for advice in case of a specimen of a species listed in Appendices I or II of Schedule IV, where non-detriment finding studies have not been carried out, to the effect that the export will not be detrimental to the survival of that species.

(3) The Scientific Authority, upon receipt of such request, shall within a period of thirty days forward its advice to the Management Authority if it is satisfied that the export will not be detrimental to the survival of that species.

(4) The Management Authority, within a period of fifteen days on receipt of advice from the Scientific Authority under sub-rule (3) or within a period of fifteen days from the receipt of the application under sub-rule (1) of rule 3 in case of a specimen of a species listed in Appendix III of Schedule IV, consider the application and satisfy itself that, —

(a) the application is accompanied with requisite documents specified in sub-rule (1) and the fee specified in sub-rule (2) of Rule 3;

(b) the resolutions of the Convention are complied with; and

(c) the provisions of the Act and rules made thereunder have been complied with.

(5) The Management Authority on being satisfied under sub-rule (4) shall grant an export permit or certificate of origin in case the specimen of the species listed in Appendix III of the Convention by Countries other than India in Form III:

Provided that the export permit or certificate of origin in respect of a specimen of species shall not be granted for export to a country which has not adopted the convention.

(6) Every permit or certificate of origin for export of specimen of species shall be valid for a period of six months from the date of its issue.

5. Procedure of import of specimen.- (1) Every application for import of any specimen of species shall be accompanied with-

(a) an export permit or a re-export certificate from the Management Authority concerned, of the country of export in case of any specimen of a species included in Appendix I of Schedule IV; and

(b) an undertaking specified in Form IV to the effect that such specimen of a species shall not be considered for commercial purposes.

(2) On receipt of the application under sub-rule (1), the Management Authority shall, within a period of fifteen days, forward the application to the Scientific Authority for their advice in the case of a specimen of a species listed in Appendix I of Schedule IV to the effect that the import will not be detrimental to the survival of that species and the proposed recipient of a living specimen is suitably equipped to house and care for it.

(3) The Scientific Authority, on receipt of such application shall, within a period of thirty days, forward its advice to the Management Authority if it is satisfied that the import will not be detrimental to the survival of that species and the proposed recipient of a living specimen is suitably equipped to house and care for it.

(4) The Management Authority shall, within a period of fifteen days on receipt of advice from the Scientific Authority under sub-rule (3) grant an import permit in Form III, after considering the following conditions, namely:-

(a) the application is accompanied with requisite documents as per sub-rule (1) and the fee as per sub-rule (2) of Rule 3;

(b) the resolutions of the Convention are complied with; and

(c) the provisions of the Act and rules made thereunder have been duly complied with.

(5) Every permit for import of specimen of species shall be valid for a period of twelve months from the date of its issue.

6. Procedure of re-export of specimen.- (1) Every application for re-export of any specimen of species shall be accompanied with-

(a) a legal procurement certificate issued by an officer of the Forest Department not below the rank of Deputy Conservator of Forests having jurisdiction over the area and in case of confiscated specimens by an officer of not below the rank of Deputy Conservator of Forests in the department in Form II;

(b) an import permit granted under sub-rule (4) of Rule 5 in the case of a specimen of a species listed in Appendix I of Schedule IV.

(2) The Management Authority shall, within a period of fifteen days from the receipt of the application specified in sub-rule (1) of rule 3, grant re-export certificate to the applicant in Form III, if -

- a. the application is accompanied with-
 - i. requisite documents as per sub-rule (1) and the fee as per sub-rule (2) of Rule 3
 - ii. an import permit granted by the Management Authority of the country of destination in case of specimen of species listed in Appendix I of Schedule IV

(b) the resolutions of the Convention are complied with; and

(c) the provisions of the Act and rules made thereunder have been duly complied with.

(3) Every permit for re-export of specimen of species shall be valid for a period of six months from the date of its issue.

7. Procedure for introduction from the sea of any specimen of species.- (1) Any person intending to introduce any specimen of species included in Appendix I of Schedule IV in India shall make an application electronically to the management Authority for permission to do so.

(2) Every application for introduction from the sea of any specimen of species shall be accompanied with an undertaking in Form IV to the effect that such specimen of a species shall not be used for commercial purposes.

(3) On receipt of the application in Form I, the Management Authority shall within a period of fifteen days, seek advice of Scientific Authority to the effect that the introduction from the sea will not be detrimental to the survival of the species.

(4) The Scientific Authority, on receipt of such request, shall within a period of thirty days, if it is satisfied forward its advice to the Management Authority.

(5) The Management Authority shall, within a period of fifteen days from the receipt of the application, grant certificate of introduction from the sea in Form III, after considering the following conditions, namely:-

(a) the application is accompanied with requisite documents as per sub-rule (1) and the fee under sub-rule (2) of Rule 3;

(b) the resolutions of the Convention are complied with; and

(c) the provisions of the Act and rules made thereunder have been duly complied with.

(6) Every certificate of introduction from sea of specimen of species shall be valid for a period of six months from the date of its issue.

8. Reporting of details of Scheduled Specimen and transaction thereof.- Every person engaging in trade of specimen of species listed in Schedule IV shall report the details of the scheduled specimen and the trade to the Management Authority in Form V within thirty days of such trade.

9. **Special provision relating to certain species.-** (1) The validity of permit in case of export or re-export of specimens of timber species with annotation 'Logs, sawn wood and veneer sheets' may be extended for a further period of six months if the shipment has arrived in the port of final destination before the date of expiration of the permit and is being held in Customs bond.

(2) Any person seeking extension for validity of a permit under sub-rule (1) shall apply to the management Authority in Form VI accompanied with a fees of five hundred rupees.

(3) The Management Authority, on receipt of application under sub-rule (2), may extend its validity for a further period of six months in Form VII, if no previous extension has been granted.

10. **Cancellation of permit/certificate.-** (1) The Management Authority, may cancel a permit or certificate if it has reason to believe that –

(a) the specimen concerned may be used for commercial purposes or the proposed recipient of a living specimen is not suitably equipped to house and care for it in case of any specimen of species listed in Appendix I of Schedule IV;

(b) handling of a living specimen of a species listed in Appendix II of Schedule IV may not be so as to minimise the risk of injury, damage to health or cruel treatment;

(c) a false information is furnished;

(d) the resolutions of the Convention are not complied with; or

(e) the provisions of the Act and rules made thereunder have not been complied with:

Provided that no permit or certificate shall be cancelled without giving the applicant an opportunity of being heard.

CITES PERMIT/CERTIFICATE No.

Instructions and explanations

(These correspond to block numbers on the form)

1. Tick the square which corresponds to the type of document issued (export permit, re-export certificate, import permit, certificate of introduction from the sea or certificate of origin). The original number is a unique number allocated to each document by the Management Authority.
2. For export permits and re-export certificates, the date of expiry of the document may not be more than six months after the date of issuance (one year for import permits).
3. **Complete** name and address of the importer.
- 3a. The name of the country must be written in full.
4. **Complete** name and address of the exporter/re-exporter. The name of the country must be stated. The absence of the signature of the applicant renders the permit or certificate invalid.
5. Special conditions may refer to national legislation or special conditions placed on the shipment by the Management Authority. This block can also be used to justify the omission of certain information.
- 5a. The following codes should be used: **T** for commercial, **Z** for zoo, **G** for botanical garden, **Q** for circus or traveling exhibition, **S** for scientific, **H** for hunting trophy, **P** for personal, **M** for medical, **E** for education, **N** for reintroduction or introduction into the wild, **B** for breeding in captivity or artificial propagation and **L** for law enforcement / judicial / forensic.
- 5b. Indicate the number of the security stamp affixed in block 13.
6. The name, address and country of the issuing Management Authority should already be printed on the form.
- 7-8. Indicate the scientific name (genus and species, where appropriate subspecies) of the animal or plant as it appears in the Convention Appendices or the reference lists approved by the Conference of the Parties, and the common name of the animal or plant as known in the country issuing the permit.
9. Describe, as precisely as possible, the specimens entering trade (live animals, skins, flanks, wallets, shoes, etc.). If a specimen is marked (tags, identifying marks, rings, etc.), whether or not this is required by a Resolution of

the Conference of the Parties (specimens originating in a ranching operation, specimens subject to quotas approved by the Conference of the Parties, specimens of Appendix-I species bred in captivity for commercial purposes, etc.), indicate the number and type of mark. The sex and age of the live animals should be recorded, if possible.

10. Enter the number of the Appendix of the Convention (I, II or III) in which the species is listed.

Use the following codes to indicate the source:

- W** Specimens taken from the wild
 - X** Specimens taken in “the marine environment not under the jurisdiction of any State”.
 - R** Ranched specimens: specimens of animals reared in a controlled environment, taken as eggs or juveniles from the wild, where they would otherwise have had a very low probability of surviving to adulthood.
 - D** Appendix-I animals bred in captivity for commercial purposes in operations included in the Secretariat's Register, in accordance with Resolution Conf. 12.10 (Rev. CoP15), and Appendix-I plants artificially propagated for commercial purposes, as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 4, of the Convention
 - A** Plants that are artificially propagated in accordance with Resolution Conf. 11.11 (Rev. CoP18), as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 5 (specimens of species included in Appendix I that have been propagated artificially for non-commercial purposes and specimens of species included in Appendices II and III)
 - C** Animals bred in captivity in accordance with Resolution Conf. 10.16 (Rev.), as well as parts and derivatives thereof, exported under the provisions of Article VII, paragraph 5
 - F** Animals born in captivity (F1 or subsequent generations) that do not fulfill the definition of ‘bred in captivity’ in Resolution Conf. 10.16 (Rev.), as well as parts and derivatives thereof
 - Y** Specimens of plants that fulfill the definition for ‘assisted production’ in Resolution Conf. 11.11 (Rev. CoP18) as well as parts and derivatives thereof
 - U** Source unknown (**must be justified**)
 - I** Confiscated or seized specimens
 - O** Pre-Convention specimens (may be used with other source codes).
11. The quantity and units indicated should conform to the most recent version of the *Guidelines for the preparation and submission of CITES annual reports* issued by the Convention.
- 11a. Indicate the total number of specimens exported in the current year (including those covered by the present permit) and the current annual quota for the species concerned (for example 500/1000). This should be done for the national quotas as well as for those determined by the Conference of the Parties.
12. The country of origin is the country in which the specimens were taken from the wild, bred in captivity or artificially propagated, except in the case of plant specimens that cease to qualify for an exemption from the provisions of CITES. In such instances, the country of origin is deemed to be the country in which the specimens ceased to qualify for the exemption. Indicate the number of the permit or certificate of the exporting country and the date of issuance. If all or part of the information is not known, this should be justified in block 5. This block must only be completed in case of re-exports;
- 12a. The country of last re-export is the country from which the specimens were re-exported before entering the country in which the present document is issued. Enter the number of the re-export certificate of the country of last re-export and its date of issuance. If all or part of the information is not known, this should be justified in block 5. This block must only be completed in case of re-export of specimens previously re-exported.
- 12b. The “No. of the operation” is the number of the registered captive-breeding or artificial propagation operation. The “date of acquisition” is defined in Resolution Conf. 13.6 (Rev. CoP16) and is required only for pre-Convention specimens.
13. To be completed by the official who issues the permit. The name of the official must be written in full. The security stamp/bar code must be affixed in this block and must be cancelled by the signature of the issuing official and a stamp or seal. The seal, signature and security-stamp number/bar code should be clearly legible.
14. To be completed by the official who inspects the shipment at the time of export or re-export. Enter the quantities of specimens actually exported or re-exported. Strike out the unused blocks.

15. Enter the number of the bill of lading or air way-bill if the method of transport used requires the use of such a document.

AFTER USE THIS DOCUMENT MUST BE RETURNED TO A MANAGEMENT AUTHORITY OF THE IMPORTING COUNTRY.

Form IV

[See Rule 5(2) and Rule 7(2)]

Undertaking

To
The CITES Management Authority,
India.

I..... [name of the applicant] S/o or D/o or W/o..... [Name of father or name of husband] hereby give an undertaking that the specimen of a species included in Appendix I of Schedule IV which I intend to import shall not be used for primarily commercial purposes.

I shall abide by all the conditions mentioned in the Regulation in International Trade of Specimens Rules, 2023 and any other condition that may be imposed by the CITES Management Authority, India.

BIVASH RANJAN, Addl. Director General of Forests (Wildlife) and Director

MINISTRY OF ENVIRONMENT, FOREST AND CLIMATE CHANGE

NOTIFICATION

New Delhi, the 24th April, 2023

S.O. 1950(E).—In exercise of the powers conferred by clauses (jvi) and (jviii) of sub-section (1) of Section 63 of the WildLife (Protection) Act, 1972 (53 of 1972), the Central Government hereby makes the following rules, namely:-

1. **Short title and commencement.**—(1) These rules may be called the Breeders of Species Licence Rules, 2023.
(2) They shall come into force on the date of their publication in the Official Gazette.
2. **Definition.**—(1) In these rules, unless the context otherwise requires,-
 - a. "Act" means the Wild Life (Protection) Act, 1972 (53 of 1972);
 - b. "Appendix I" means Appendix I to the Schedule IV;
 - c. "Application" means the application for obtaining Licence under the Act;
 - d. "Breeder" means a person engaged in breeding in captivity of the Scheduled specimen listed in Appendix I;
 - e. "Facility" means any establishment where captive breeding of animals and artificial propagation of plants listed in Appendix I;
 - f. "Form" means the Form annexed to these rules;
 - g. "Fitness certificate" means a certificate granted by a veterinary doctor registered with the Veterinary Council of India established under the Indian Veterinary Council Act, 1984 (52 of 1984).
 - h. "Licence" means a Licence granted under sub-rule (1) of rule 7

(2) Words and expressions used but not defined in these rules and defined in the Act shall have the same meanings as assigned to them in the Act.
3. **Procedures for filing of applications for Licence.**—(1) Any person who is engaged in breeding in captivity or artificially propagating a scheduled specimen listed in Appendix I shall, within a period of ninety days of the commencement of the Wild Life (Protection) Amendment Act, 2022 (18 of 2022), make an application to the Chief Wild Life Warden in Form I either in person or through electronic mode or through registered post addressed to the Chief Wild Life Warden of the concerned State or the Union territory.
(2) Any person who intends to engage in breeding in captivity or artificially propagating a scheduled specimen listed in Appendix I or renewal of Licence shall make an application to the Chief Wild Life Warden in Form II.
4. **Fees for Licence.**— Every application made under rule 3 shall be accompanied with a fee of twenty-five thousand rupees through electronic mode or in the form of Demand Draft drawn on any bank in India in favour of the Chief Wild Life Warden payable at the place where the office of Chief Wild Life Warden is situated.
5. **Registration of applications.**—(1) The Chief Wild Life Warden may authorise an officer in his office not below the rank of Deputy Conservator of Forests to endorse the application, and on receipt of the application the authorised officer shall scrutinize the application as expeditiously as possible;
(2) If on scrutiny, the application is found to be in order, it shall be registered and given serial number;
(3) If the application on scrutiny is found to be defective, the same shall be returned to the applicant for rectifying the defects and resubmitting the corrected application within fifteen days from the date of its receipt;
(4) If the applicant fails to rectify the defect within the period specified under sub-rule (3), the Deputy Conservator of Forests shall submit report to the Chief Wild Life Warden and the Chief Wild Life Warden may, by order and for the reasons to be recorded in writing, decline to register the application.
6. **Verification of application.**—(1) The authorised officer, as referred to in rule 5 shall within seven days from the date of receipt of application forward the application to the concerned Deputy Conservator of Forests having jurisdiction over the area in which the facility is located for field verification.
(2) The concerned Deputy Conservator of Forests, as referred to in sub-rule (1) shall verify the application and after conducting detailed inquiry submit report in Form III within a period of thirty days to the Conservator of Forests or Chief Conservator of Forests, as the case may be.

(3) The Conservator of Forests or Chief Conservator of Forests on receipt of report referred to in sub-rule (2) shall forward it along with his recommendation in Form III to the Chief Wild Life Warden within a period of fifteen days from the date of receipt of such report.

7. Grant of Licence.- (1) On examination of the facts mentioned in the application and report specified in Form III, the Chief Wild Life Warden shall, if,-

(a) the resolutions of the Convention relating to breeding in captivity or artificial propagation of species listed in Appendix I of Schedule IV are satisfied; and

(b) the provisions of the Act and rules made thereunder have been complied with;

record an entry of the statement in a register and grant the Licence to the applicant in Form IV within a period of thirty days from the receipt of report in Form III.

(2) The Licence shall be issued for a period of two years and may be renewed on application, if made under sub-rule (2) of rule 3.

8. Cancellation of Licence.- (1) The Chief Wild Life Warden may, after considering the recommendation in Form III pass order for cancellation of Licence, if,-

(a) the resolutions of the Convention relating to breeding in captivity or artificial propagation of species listed in Appendix I of Schedule IV are not satisfied;

(b) the provisions of the Act and rules made thereunder have not been complied with; or

(c) a false particular is furnished.

(2) The Chief Wild Life Warden shall not cancel the Licence without giving the applicant an opportunity of being heard.

9. Order to be signed and dated.- Every order issued under rule 7 or 8 shall be in writing and shall bear the signature, date and seal of Chief Wild Life Warden.

10. Appeal.- Any person aggrieved by order under rule 8 may prefer an appeal to the State Government through registered post as specified in Form V.

11. Maintenance of stock.- (1) Every person to whom a Licence under these rules has been granted shall maintain record of stock in case of artificially propagated specimen;

(2) The Chief Wild Life Warden or the concerned Deputy Conservator of Forests having jurisdiction over the area as and when required, may call for record for inspection from the person to whom the Licence has been granted.
